Sanitation and sterilization	20
Anatomy.....	10
State Law.....	10
Study of the use and application of certain chemicals.....	40
Miscellaneous Lectures and Test review.....	80
Total hours.....	400

POTENTIAL OCCUPATIONS

Manicurists can pursue their career in a salon or Day spa, or as a Product Representative, Educator, Competition Nail artist or Instructor. Once you graduate from our manicurist program and secure a manicuring license, these achievements open the way to many possible career paths. Some of these career paths may require additional training, experience, or licensure.

Students should also be aware that

- (1) The law may differ by state as to the training, experience, or licensure that will be required for any of the career opportunities in the list and
- (2) State reciprocity laws may limit the application of program completion in one state to licensure in any other state.

Beyond the Basics School of Cosmetology has not made and will not make any guarantees of employment or salary upon graduation.

OCCUPATIONAL DEMANDS OF THE JOB

In keeping with our commitment to equal opportunity, no student will be denied admission based on membership in a protected group. At the same time, it is our mission to teach our students the skills necessary for success in the beauty industry. In order for you to meaningfully participate in the program and receive the full benefit of the education delivered, there are certain physical demands that you must be able to meet. Specifically, to perform the essential requirements of the cosmetology

Curriculum, you must have the physical ability, with or without a reasonable accommodation, to:

- Tolerate exposure to and handling of products having or emitting odors, fragrances, and chemicals
- Stand and walk for up to 8 hours consecutively, except during 15-minute or 30-minute breaks

- Manually grasp, handle, control, move, and manipulate objects or tools standard within the beauty industry
- Bend or twist the body, and engage in repetitive motions, as needed to perform and demonstrate the full range of services standard within the beauty industry
- Hold the arm and hand in one position and, at other times, hold the hand steady while moving the arm
- Lift up to 30 lbs.
- Perform and demonstrate the full range of esthetics related services standard within the skin care industry (*e.g.*, facial and body skin care with massage, facial and body waxing, and make-up application)
- View detail in objects within arm's length and discern the differences between colors, shades, and brightness within and between those objects
- Perform and demonstrate the full range of hair-related services standard within the cosmetology industry (*e.g.*, shampoo with massage, comb, haircut, hairstyle, hair color and chemical texturing, braid, sculpt, hairdryer, etc.)
- Perform and demonstrate the full range of nail-related services standard within the cosmetology industry (*e.g.*, file, buff, clip, clean, and apply polish to nails and/or attach artificial nail products)

Any student who may require an accommodation of disability in order to meet these occupational demands should carefully review the Academic Adjustments Based on Disability Section of this catalog.

EDUCATIONAL OBJECTIVES: Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self confidence.
2. Project professionalism, visual poise and proper grooming.
3. Communicate effectively and interact appropriately colleagues, supervisors, clients and students.
4. Respect the need to deliver worthy service for value received in an employment environment.
5. Perform the basic skills in artificial nail enhancements, manicures, pedicures, hand massage and spa nail treatments.
6. Perform the basic analytical skills to advise clients in the total look concept.
7. Apply academic learning, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to skills, trends, and methods for career development in cosmetology and related fields.

TEACHING AND LEARNING METHODS: The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through comprehensive lesson plans which reflect effective educational methods. Subjects are presented by means of interactive lecture, demonstration, cooperative learning, labs, student salon activities, and student participation. Audio-visual aids, guest speakers, field trips, projects, activities, and other related learning methods are used in the course.

GRADING

Grades will be recorded and retained by the school regarding a student's progress in his/her course. An official progress report will be given at each review period.

Grading is as follow:

Excellent	A	100-90	Average	C	75-79
Good	B	80-89	Failure	F	Below 75

Students will be graded on theory and practical procedures

Students must receive 40 clock hours of basic instruction during phase one, they then will be evaluated on theory and practical procedures and required a minimum of 75% passing before being allowed to services clients in our student clinic.
